for next year, should charge more money for each load

folks who staffed it are working on a de-brief and making notes for next year

#### **Treasury Report:**

Issue with filing reports to DOJ (income and expenses reports), filling costs est. \$120 for 15-16 (due to it being late) ~\$70 for 16-17

\$747 in SEUL account waiting for us to access and spend on communications

Dawn will be sending in the request for release of funds
